

Aleksandar Kržalovski, Consultant

akr@mcms.mk

Born on June 19th 1969 in Skopje. Graduated in 1993 at the Electro-Technical Faculty in Skopje. He has been in MCIC since 1995. He has participated at trainings organized by MDF, Netherlands as well as at other trainings organized by international consultancies. As a coordinator of several programmes in MCIC he has acquired practical experience in coordination and management of project cycle, and as part of the MCIC management also in production of strategies, business plans and reports. Kržalovski transfers his acquired knowledge and experience as a consultant and trainer to different stakeholders in the society: Civil society organizations, churches and religious communities, state institutions, for more than 10 years. From 2000, his knowledge and experience has been upgraded with participation in the assessment of organizations and programmes, as well as in analysis and needs assessment of organizations and institutions. His key qualifications are the following: Needs assessment, organizational and programme evaluation, project and programme cycle management, log frame and financial management.
